Flexible Cable Wrap with Zipper

Ideal for quick and easy cable management in homes, offices, and even industrial facilities.

Whether your problem is getting past large connectors or not wanting to disconnect complex cable runs, this zipper cable sleeve side-entry braided wrap is an ideal cable management solution. With the Zipper Sleeve, keeping those pesky cables tidy is a zip away.

Feature:

- Bundles cables at any point along the run, easily avoiding large connectors and plugs for quick and easy installation
- The versatility of a cable wrap and the 360° protection of a braided sleeving.
- Zipper provides maximum security for cables, unlike other side-entry or split braided sleeving that can easily be removed by accident
- Heavy duty polyester construction ensures great durability
- Perfect for applications where the cables are already installed, just wrap the Zipper Sleeve around your cable bundle and attach the zipper slider which brings the two sides together to hide and conceal multiple cords.

Technical Data:

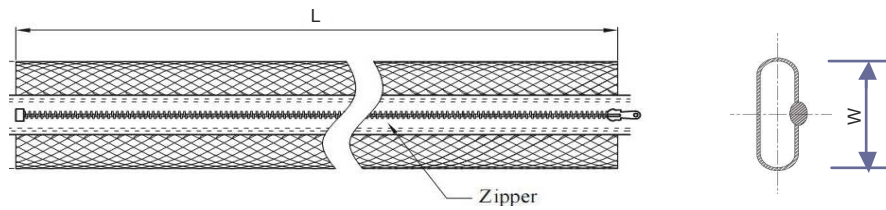

Material	Polyester
Operating Temperature	-50°C to 150°C
Melting Point	240°C±10°C
Flammability	VW-1
Standard Color	Black
