

# VE809

## HDMI wireless extender

- The VE809 HDMI Wireless Extender extends your HDMI display up to 30m\* from the HDMI source using wireless technology. Easily connect two HDMI devices to an HDTV wirelessly with crystal clear image quality capable of streaming Full 1080p with 5.1 channel digital audio and 3D technology. The IR remote control allows you to switch between HDMI source devices from the receiver side, remotely; and allows you to watch a local and wirelessly connected HDTV- simultaneously. The VE809 consists of a wireless audio/ video transmitter and receiver. Consolidate your HDMI electronics and use the VE809 as a wireless 2-port HDMI switch to connect remote devices such as Blu-ray players and HD Cable boxes to design your own custom wireless entertainment space.

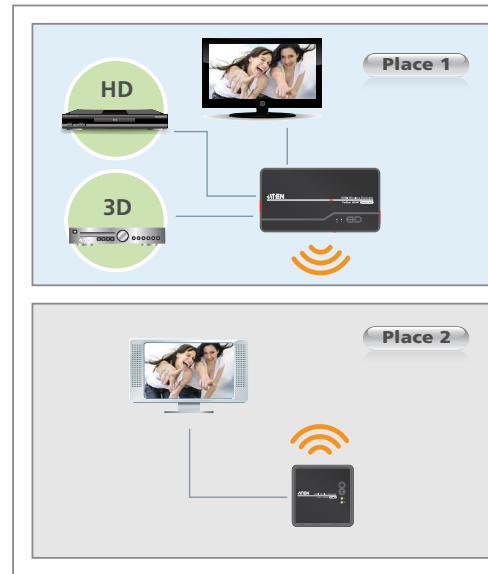

**Note:** Connecting additional HDMI switches, splitters, or extenders can decrease the audio signal's strength and quality

### Features

- Wirelessly extend an HDMI display up to 30m from the HDMI source\*
- Setup two HDTVs and view HD content on two HDTVs simultaneously\*
- Connect and transmit wireless video content from your Blu-ray DVD player, HD Cable box or other HDMI device wirelessly
