SUNBIRD P200

Foldable, efficient

The Sunbird P200 is a highly efficient foldable solar panel with adjustable kickstands. It works great with the Aqila Powerbird power stations and most other models of power stations.

Specification:

Power	200W 20.52V 9.75A VOC: 23.59 ISC: 10.33A
Cell type	Monocrystalline
Cable	3 meter with DC7909, XT60 and Anderson connections
Folded size	540 x 590 x 55 mm
Unfolded size	540 x 2320 x 5 mm
Weight	9.25 kg
Protection	IP65 – Dustproof and water-resistant

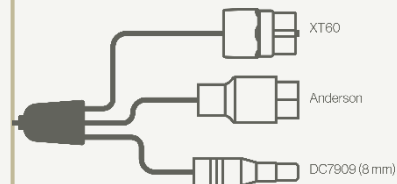

Item no: 406004

Benefits:

Easy setup - It weighs only 9.25 kg and is really easy to carry when folded thanks to the handle. By adjusting the kickstands, you can maximize sunlight absorption.

High conversion rate - Constructed with high-efficiency monocrystalline solar cells, with efficiencies of up to 21.5%. Convert more solar power into usable energy and achieve faster charging speeds.

High compatibility - Includes a 3 m universal cable that can be connected to most power stations.
