

Bluetooth Module 2

The mini USB Bluetooth dongle.
CSR8510 A10 Chipset inside

Supports:

- Classic Bluetooth v2.0
- Bluetooth High Speed v3.0
- Bluetooth low energy v4.0 (BLE)

Our Android OS supports only Classic Bluetooth v2.0
Ubuntu Linux OS supports also BLE.

The picture might differ from the actual products.

Note : Bluetooth MAC address is not programmed.
If you need a unique MAC address, follow this instruction.

<http://blog.petrilopia.net/hacking/change-your-bluetooth-device-mac-address/>
