

# CAPiDi Safety timer 15-60 min

– Timer 15-60 h, S-approved by Intertek, Cuts power on both poles

Compact safety timer for wall sockets, breaks the power after 15, 30, 45 or 60 minutes. Programmed with a simple button. The remaining time is illustrated by LEDs around the socket.

- CAPiDi safety timer is very safe and easy to use.
- Adjustable time 15-60 minutes. Automatically breaks the power on both poles.
- Suitable for coffee machine, iron, hair dryer, chargers and other products and devices that only shall be on for a short period of time.
- LED indicator around the socket showing remaining time in 15-minute intervals.
- Extra safe – double pin cut
- S-approved by Intertek.
