CloudShell for XU4

Affordable DIY NAS Solution for the personal cloud server application with a color LCD console. You can put a 2.5inch HDD/SSD with XU4 board in the CloudShell.
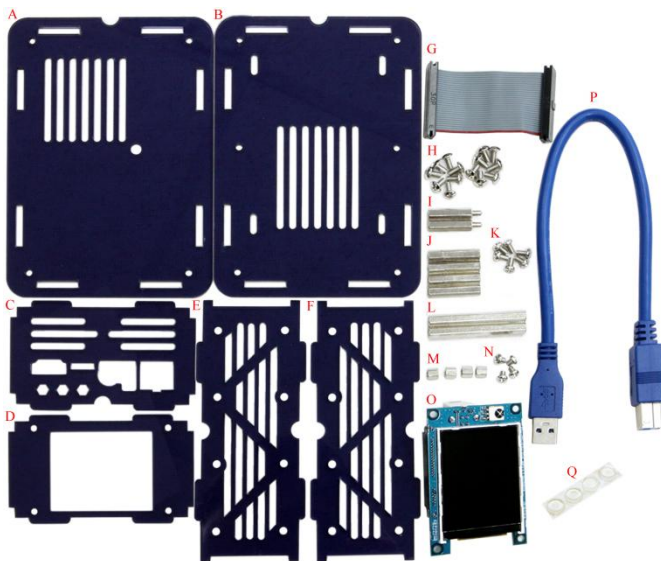

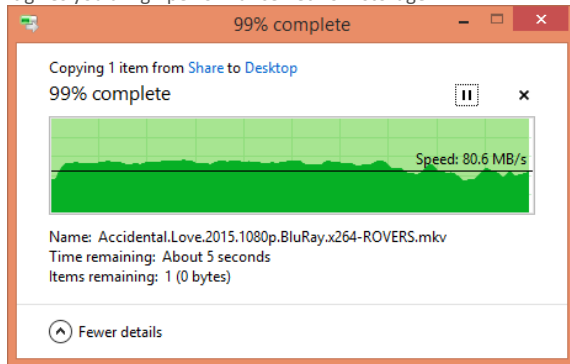

CloudShell is yet another compact way to install or assemble ODROID-XU4 using 2.2" TFT LCD (320x240) as well as IR receiver. It contains USB 3.0 to SATA bridge (Genesis GL3321G) and you can install single 2.5" SATA HDD/SDD.

- Dimension : 47 x 25 x 21 mm(assembled)
- Weight : 248g approx.
- Color : Smoky Blue and Smoky White
- CloudShell Board has IR receiver, 2.2inch 320 x 240 TFT LCD, SATA Connector, USB3.0 Connector and 30pin I/O Connector

We have two different color choices. Smoky-Blue and Smoky-White.
Laser cut acrylic enclosure

It gives you a high performance network storage.
